Professional Summary

Computer Science undergraduate at BMS College of Engineering (CGPA: 9.4) with industry experience as a Java Backend Developer Intern at Infryntek Systems. Strong foundation in Data Structures & Algorithms, backend development using Java and Spring Boot, and REST API design. Passionate about scalable systems and clean architecture.

Education

B.M.S. College of Engineering (BMSCE), Bangalore
B.Tech in Computer Science & Engineering | Expected 2028
Current Semester: 4th | CGPA: 9.4

Technical Skills

Programming: Java (Proficient), Python, C
Backend: Spring Boot, REST APIs
Databases: MySQL, NoSQL (Basic)
Frontend: HTML, CSS, JavaScript
Core: DSA, OOP, Time & Space Complexity
Tools: Git, GitHub

Professional Experience

Java Backend Developer Intern

Infryntek Systems | Feb 2026 – Apr 2026

- Developed and tested REST APIs using Java and Spring Boot.
- Improved backend logic and debugging efficiency.
- Collaborated using Git in agile development workflow.
- Gained hands-on experience in Software Development Lifecycle (SDLC).

Projects

Banking Transactional System | Java, Spring Boot

- Built secure backend supporting authentication and fund transfers.
- Designed REST APIs using MVC architecture.

Library Management System | Java, MySQL

- Managed book records, issue/return tracking, and user management.
- Implemented CRUD operations with database integration.

Student Management System | Java

- Managed student records, attendance, and performance tracking.
- Applied OOP principles for modular design.

Workshops & Certifications

- Generative AI Workshop – IISc Bangalore (2025)
- Remote Sensing Workshop – ISRO (School Level)

Hackathons & Achievements

- Solved 200+ problems on LeetCode.
- CodeForge Hackathon (BMSCE): Shortlisted among top teams.
- Algothon Hackathon: Runner-Up.
